

What We Fund

TBDSSAB funds programs that help vulnerable people live with dignity, respect, and quality of life.

The District of Thunder Bay Social Services Administration Board supports people to improve their lives and become self-sufficient. We do this as the service system manager for vital, quality social services needed by individuals and families living in the District of Thunder Bay—including child care and early years, community housing, homelessness prevention programs—and through the delivery of Ontario Works.

Integrated social services at TBDSSAB are offered through a mix of direct and funded service delivery.
