TBDSSAB Workshop Programs

Resume, Interview and Job Search Assistance - OW participants may meet with Employment staff for assistance with their job search, to develop a resume, work on interview skills and prepare for job interviews.

YES and NEW On site - Drop in to meet with an Employment Counsellor to learn about the services available at YES and NEW, and view current job postings in the community. (NEW currently requires an appt. to be made through your Caseworker but drops ins are welcome on a first come first serve basis)

Employability Skills & Training – Delivered Tuesdays from 10:30-2:30 by LAEC – Topics include WHMIS, Cyber Security, Online Safety and many others. Earn credits or just experience with a possible work placement.

Academic and Career Entrance (ACE) – ACE is a provincially recognized program and serves as an equivalency to grade 12 for the purposes of college entry or apprenticeship. Many employers accept the ACE certificate as equivalent to grade 12. ACE courses meet the admission requirements to all Ontario Colleges of Applied Arts and Technology and are accepted by Lakehead University. The Thunder Bay DSSAB in partnership with Confederation College, offers a satellite classroom at the Thunder Bay DSSAB main office on 231 S May St. This classroom is for Ontario Works participants interested in pursuing their ACE certificate. This classroom offers ongoing supports to enhance the participant's potential for success. (Currently on site mornings and online in the afternoons – students are welcome to stay on site and work in the training room for the afternoon)

Learning Curve Workshop Series: Delivered by Confederation College on **Wednesday mornings at the Brodie St. Library**. This drop in skills workshop series was developed to increase participants abilities, self-confidence and resources for self-development. These workshops will assist participants in gaining foundational skills to begin exploring career development pathways. Topics include: Self Awareness, Healthy Relationships, Unleashing your Potential, Physical Wellness, Wellbeing, Purpose and Goal Setting. **Attending 6 workshops earns a Certificate from Confederation College Academic Upgrading.**

Smart Serve:

Online course. Participants complete a written test and must obtain a mark of 80% to pass. Participants who do not pass are given one opportunity to re-write the test. **Staff are available to assist in preparations for the test.** This program increases awareness for responsible alcohol sales, service and consumption.

In Good Hands: Become certified as a safe food handler with this online training. After taking this course you will understand what causes foodborne illness and what steps you can take to prepare food safely. Contact your Caseworker for an online code to complete the course. You have 3 attempts to pass for certification.

Other courses or training opportunities: If you require certifications or courses for employment purposes you can request assistance from your Caseworker or a Placement Support Worker.
